HOLD'EM HIGH HAND | EVERY DAY: 1AM-9AM

Players will compete to get the highest ranking hand for the hour starting at 1am every morning. Players will get a chance to win High Hand of the hour at 2am to 9am. No player will be awarded for a high hand at 1am as that is when we will start recording high hands for the 2am payout. In the event a player has an eligible high hand but their game breaks, the player will remain eligible under two conditions: the player joins another game as an active player, or the player is placed on waiting lists and remains in the room. Player is eligible for one prize per hour; in the event a player has multiple high hands, only the highest ranked hand will be considered for a prize. Players must be present to win.

2am 1st place gets \$50 in chips, 2nd place gets \$50 in chips. | 3am 1st place gets \$50 in chips, 2nd place gets \$50 in chips. 4am 1st place gets \$100 in chips, 2nd place gets \$50 in chips. | 5am 1st place gets \$100 in chips, 2nd place gets \$100 in chips. 6am 1st place gets \$150 in chips, 2nd place gets \$100 in chips. | 7am 1st place gets \$100 in chips, 2nd place gets \$100 in chips. 8am 1st place gets \$100 in chips, 2nd place gets \$50 in chips. | 9am 1st place gets \$50 in chips, 2nd place gets \$50 in chips.

In the event of any complete ties for high hand (all five cards are the same for each player), the players will chop any associated payout (s). If there are ties for the top high hand, they will take both prize positions, until either beat by another hand, or the hour ends. The announced high hand must beat the lowest listed high hand in order to be considered. Any potential high hand must include at least one card from the player's hand (hole card) and beat one/both of the current high hands to qualify. The only way a high hand can tie is if multiple people have the same qualifying hand at the same time, or if it hits at different times but there is an empty spot on the high hand board. All tie payouts will be totaled and split up equally. The hand is eligible for the promotion that is active at the time the hand is tabled.

HOLD'EM PROGRESSIVE BOARD | SUNDAY-THURSDAY: 9AM-6PM

The progressive board will have 21 hands, quads of each card rank (13), straight flush for each suit (4) and Royal flush for each suit (4). Each spot on the board will be seeded at \$100 on the first day of the promotion. Once a spot is hit, it cannot be hit again until the next day of the promotion. Hold'em board reseeds at 9am Sunday through Thursday. All prizes of the spots that were not hit will carry on to the next day and will increase by \$20. All spots hit on the previous day will reseed at \$100.

Only Hold'em qualifies for this progressive board. Players must use two cards in their hand to qualify. The hand is eligible for the promotion that is active at the time the hand is tabled.

FIXED LIMIT QUADS BOARD | FRIDAY & SATURDAY STARTING AT 9AM

Players who play in any fixed limit game are eligible to win \$50 if they hit an available hand of quads (4 of a kind). The quads board payouts will be displayed on a television application within the poker room. The promo will begin at 9am and last until 9am the next day, or until all of the payouts are hit, whichever comes first. The first player to hit the available quads will win \$50. Once a quad has been hit, it will set to zero and remain there until the start of the next eligible period.

Only fixed limit Hold'em and Omaha high games are eligible. Hold'em players must use both hole cards to be eligible, but do not have to have a pocket pair. In the event that the same hand is hit on multiple tables simultaneously, the poker lead will determine via surveillance which hand started first; the earliest beginning hand will be the winner. Omaha players must use a pocket pair to be eligible. The hand is eligible for the promotion that is active at the time the hand is tabled.

OMAHA PROGRESSIVE BOARD | EVERY DAY: 24/7

The progressive board will have 8 qualifying hands, Flopped - Red Royal, Black Royal, Red Straight Flush and Black Straight Flush and Post Flopped - Red Royal, Black Royal, Red Straight Flush and Black Straight Flush. Each spot on the board will be seeded at \$40 on the first day of the promotion. Once a spot is hit, it cannot be hit again until the next day of the promotion. Omaha board reseeds at 9am every day. All prizes that were not hit will carry on to the next day and will increase by \$40. All spots hit on the previous day will be reseeded at \$40.

All Flopped prizes must use three cards from the flop and two cards from the player's hand. All Post Flopped prizes must use three cards from the five community cards (containing at least one of the turn or river cards) and two from the player's hand. Players can only win one prize per hand. If two prizes are hit, the higher prize will be awarded. The hand is eligible for the promotion that is active at the time the hand is tabled.

Only Omaha games 4-20 or higher will qualify for this progressive board. In Omaha, players must use two cards in their hand plus three cards from the community cards (Board) to make a five card hand.
