HOLD'EM MYSTERY BOARD | EVERY DAY: 10AM-1AM

The Mystery board will have 21 hands, quads of each card rank (13), straight flush for each suit (4) and royal flush for each suit (4). Each spot on the board will be considered a qualifying hand to hit the promotion. Once a spot is hit, it cannot be hit again until the next day of the promotion. 10 spots will be worth a Mini Prize of \$25, 5 spots will be worth a Minor Prize of \$50, 3 spots will be worth a Major Prize of \$75, 1 spot will be worth a Maxi Prize of \$125, 1 spot will be the Fortune Prize, and 1 spot will be worth a Grand Prize of \$500. Any spot could be worth any amount as the prize will be pulled from a drum by the winning player after they have hit a qualifying hand that has not already been hit for the day. Only after a spot is hit and the prize has been pulled from the drum will the amount be revealed on the Mystery Board. The Mystery Board resets at 10:00 AM daily. The promotion runs from 10:00 AM – 1:00 AM each day. Only Hold'em qualifies for this Mystery Board. Players must use two cards in their hand (hole cards) to qualify. The hand is eligible for the promotion that is active at the time the hand is tabled. A minimum of \$20 must be in the pot to be eligible for this promotion.

Royal Flush Multiplier: If the qualifying hand is a royal flush of any suit the prize will be multiplied:

Mini Prizes will be multiplied by 8

Minor Prizes will be multiplied by 5

Major Prizes will be multiplied by 4

Maxi Prizes will be multiplied by 3

The Fortune Prize will be worth \$375 or its value according to the Fortune Prize rules below (whichever is greater).

The Grand Prize will be multiplied by 2

The Offer: The Offer is an alternative prize that can be picked in lieu of a mystery envelope. After a qualifying hand has been hit The Offer can be selected as the prize. The winning player will declare they are taking The Offer before pulling a prize from the drum. If The Offer is taken then The Offer amount will be paid. A

prize will still be taken from the drum, revealed, and removed from the mystery board. The Royal Flush Multiplier cannot be used with The Offer. The calculation for The Offer is as follows:

The combined prize value of all remaining prizes divided by the number of prizes remaining and then rounded down to the nearest increment of \$10.

Fortune Prize: In one of the prize envelopes will be the Fortune Prize. The Fortune Prize is worth either \$100 or the face value of all prizes added together that have gone out before it on the day it was drawn (whichever is greater). Royal Flush Multiplied prizes that have gone out previously do not add their multiplied amount to the Fortune Prize.

HOLD'EM HIGH HAND | NIGHTLY: 1AM-10AM

Every day of the week players will compete to get the highest ranking hand at designated times starting at 1:00 AM. Only Texas Hold'em games will be eligible. 2/4, and 3/6 fixed limit games are not eligible. Mixed games are not eligible. Players will get a chance to win high hand of the hour at 2:00 AM. No player will be awarded for a high hand at 1:00 AM as that is when we will start recording high hands for the 2:00 AM payout. The minimum high hand to qualify will be a full house combination of three Ace value cards and two Two value cards (commonly known as Aces full of Twos). In the event no qualifying high hand is hit for the hour, the hour's posted payout will roll over into the next hour by being combined with the next hour's payout. In order for a payout to roll over there must be at least one live qualifying Hold'em game running. If the poker room goes to zero qualifying Hold'em games no payouts will be rolled over into the next hour. In the event a player has an eligible high hand but their game breaks, the player will remain eligible under two conditions: the player joins another Texas Hold'em game as an active player, or if no such game is running, the player is placed on a waiting list for Texas Hold'em and remains in the room. In the event a player has multiple high hands, only the highest ranked hand will be considered for a prize. Players must be present to win.

2:00 AM – 1st place gets \$150

3:00 AM – 1st place gets \$100

4:00 AM – 1st place gets \$100

5:00 AM – 1st place gets \$100

6:00 AM – 1st place gets \$100

7:00 AM – 1st place gets \$150

8:00 AM – 1st place gets \$100

9:00 AM – 1st place gets \$100

10:00 AM – 1st place gets \$100

In the event of any complete ties for high hand (all five cards are the same for each player); the players will chop the associated payout. The announced high hand must beat the listed high hand in order to be considered. Any potential high hand must include at least one card from the player's hand (hole card) and beat the current high hand to qualify. The only way a high hand can tie is if multiple people have the same qualifying hand at the same time. All tie payouts will be totaled and split up equally. The hand is eligible for the promotion that is active at the time the hand is tabled.

OMAHA PROGRESSIVE BOARD | EVERY DAY: 24/7

The progressive board will have 8 qualifying hands, Flopped – Red Royal, Black Royal, Red Straight Flush and Black Straight Flush and Post Flopped – Red Royal, Black Royal, Red Straight Flush and Black Straight Flush. Each spot on the board will be seeded at \$40 on the first day of the promotion. Once a spot is hit, it cannot be hit again until the next day of the promotion. Omaha board reseeds at 9am every day. All prizes that were not hit will carry on to the next day and will increase by \$40. All spots hit on the previous day will be reseeded at \$40.

All Flopped prizes must use three cards from the flop and two cards from the player's hand. All Post Flopped prizes must use three cards from the five community cards (containing at least one of the turn or river cards) and two from the player's hand. Players can only win one prize per hand. If two prizes are hit, the higher prize will be awarded. The hand is eligible for the promotion that is active at the time the hand is tabled

Only Omaha games 4-20 or higher will qualify for this progressive board. In Omaha, players must use two cards in their hand plus three cards from the community cards (Board) to make a five card hand.
